**Colleges Scotland comment on Keyfacts 2014 publication**

Shona Struthers, acting chief executive of Colleges Scotland said: “The Key Facts booklet is a simple snapshot of where the college sector stands.

“Colleges across Scotland are doing excellent work for their communities and the economy and want to do more.

“This year we’ll be campaigning for additional funding during the budget negotiations so that we can increase student numbers and strengthen our contribution to Scotland’s economy.”
